BUTLER, MISSOURI, THURSDAY, OCTOBER 31, 1907.

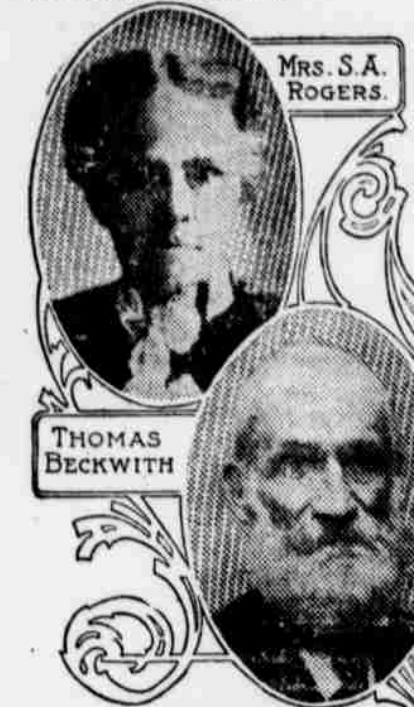

NO. 1

## GRANDPARENTS TELL ABOUT PE-RU-NA.

**Catarrah Fifteen Years.**  
Mrs. S. A. Rogers, Lehigh, Cal., writes:  
"I had chronic catarrah of fifteen years standing, and death seemed to stare me in the face. I tried several 'so-called' catarrah remedies, and without avail. I took fifteen bottles of *Peruna* and five bottles of *Manalin*, and I am completely cured. All the catarrah symptoms are gone, my digestion is good, my appetite is good, and I rest well at night. I am seventy years of age and I hope to live many more years to praise *Peruna* to all my friends who suffer from catarrah as I did."

**Rheumatism of Old Age.**  
Mrs. Caroline Trunk, 1705 Jefferson Ave., Peoria, Ill., writes:  
"I had a very painful trouble for six years, consisting of *rheumatism* in the back and in the thigh. I used a great deal of medicine, but it did not help me. Then I used Dr. Hartman's *Peruna*, and two bottles of this entirely freed me of the rheumatism. I wish to keep both *Peruna* and *Manalin* always in the house. This is the best medicine that I can recommend any one to take for rheumatism."

**Catarrah All Through My System.**  
Mr. Robert Metters, Murdock, Cass Co., Neb., Box 45, writes:  
"I commenced to take *Peruna* the first of last February. I took it as nearly as possible according to directions. I also got a *Peruna* almanac and for the first time learned that my trouble was *systemic catarrah*. I had catarrah from my head all through my system. I took *Peruna* until I was entirely cured."

MRS. S. A. ROGERS.

MRS. C. TRUNK.

**Cough and Indigestion.**  
Thos. Beckwith, 11 Kitchell St., Auburn, N. Y., writes:  
"I was troubled with a cough and indigestion. Thanks to your advice and *Peruna* I am in good health now. I was talking with an old friend last week. He told me he took *Peruna* last winter, and he is in the best of health, working every day and speaks highly of your medicine. I shall feel it my duty to recommend *Peruna* to all my friends."

A great many testimonials from people of high rank and people in the ordinary walks of life, are received every month. *Catarrah* in all its phases, catarrah of the different organs of the body; acute catarrah, chronic catarrah, catarrah that has resisted other remedies—all these are giving to *Peruna* unqualified and unsolicited endorsement.

### Insanity Experts' Mistake.

New City, N. Y., Oct. 28.—A verdict of \$25,000 was awarded by the jury that has been hearing the suit of Mrs. Ellen E. Kenyon-Warner, a celebrated writer on educational subjects, against Dr. Forster Packer and Dr. Sidney D. Wilgus for \$50,000 damages, because they had adjudged her insane and caused her commitment to the Middleton Insane asylum.  
Mrs. Warner, the jury found, was sane on July 13, 1904, when she was examined by the two alienists and that they were negligent in making their examination. Counsel for Mrs. Warner declared that the verdict was undoubtedly a "lawmaker" and would have great effect upon insanity cases in this state. It was the first case of the kind ever tried in New York.

### AUCTIONEER!

I am prepared to cry sales in this and adjoining counties on reasonable terms. Satisfaction guaranteed. Have been a trader and shipper of live stock 10 years. Am well posted in pedigrees and values. Four years experience as auctioneer.

LYMAN HENSLEY.  
46 4th AMSTERDAM R. F. D. 3.  
Telephone Line No. 2.

### C. E. Robbins, The Successful Auctioneer.

New and up-to-date methods. Graduate of the two best Auction Schools in the world. Member of both State and International Associations. Eighty-six successful sales in the past season. Terms reasonable. Pure bred stock and farm sales a specialty. Call on or address me at  
Amoret, Mo.

### A LIFE OFFICIAL IN JAIL.

#### Dr. Gillette of the Mutual Con- victed of Perjury.

New York, Oct. 28.—Dr. Walter R. Gillette, who was connected with the Mutual Life Insurance company thirty-six years and was vice president when he retired about a year ago after the insurance disclosures, was convicted of perjury for having sworn falsely before the grand jury. The jury was out an hour and a half. The trial lasted about four days.  
Dr. Gillette took the verdict without any sign of emotion. His daughter and a son sat with him. At the request of counsel for Dr. Gillette, sentence was put over until Monday and Dr. Gillette was taken to the Tombs. Gillette's attorney said he would argue a motion Monday for a certificate of reasonable doubt. The penalty for perjury is ten years, but the jury made a strong recommendation for mercy.

Dr. Gillette testified before the grand jury that an account at the Dobb's Ferry bank, of which Andrew C. Fields was president, was his personal account. Before Dr. Gillette began his testimony before the grand jury, Fields had made a confession to Mr. Jerome who soon trapped Dr. Gillette into admitting that the account was one of the Mutual's "special" accounts. Dr. Gillette explained to the grand jury that after President McCurdy's retirement he wanted to return the money to the Mutual, but he did not know how to do it.

In his testimony Dr. Gillette said that he had been advised by a lawyer about his testimony before the grand jury. Mr. Rand, the special prosecutor in the case, told the jury that he was sorry he didn't have the lawyer's name so that it might be stricken from the list of an honorable profession.

### Accused of Maiming Horses.

Hiawatha, Kan., Oct. 28.—James Patton, son of a veterinary at Robinson, Kan., is in jail here charged with maiming and poisoning horses for the purpose of securing cases for treatment. He had been away to a veterinary college and has been assisting his father practice. It is alleged that he used a hypodermic on about thirty horses, squirting a poison into their shoulders that caused a swelling and kept them under his care. The complaining witness is Otto Coburn, a widely known farmer near Robinson. Some of the most widely known farmers in Robinson township are witnesses for the prosecution. Patton denies the charge and says that the trouble is due to an epidemic among the horses.

### The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrah, no matter where located or what stage it may have reached. In Nasal Catarrah it is well to cleanse the passages with Dr. Sage's Catarrah Remedy while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrah diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

### Candidates For Governor.

Warrensburg Star.  
A petition has been filed with the Secretary of State, asking for the nomination of former Attorney-General E. C. Crow for Governor, but it is not known as yet whether he will make the race. Mr. Crow has many friends throughout the state and no man's official record will better stand close inspection than his. He was the first Attorney General in the United States to convict the trusts of law-breaking and he forced the meat combine to pay more than a hundred thousand dollars with the state treasury. He also got after the insurance companies with a sharp stick long before the celebrated New York exposures and about twenty-five thousand dollars in fines was imposed and collected. As Attorney General he was diligent in the performance of his duty and as governor he would be the same faithful public servant.

The Star has, of course, declared itself for Coward for Governor and has given its reasons for the belief that he is the most available man. Not that we think he is the only man that could beat Hadley, for there are enough Democrats in Missouri who know Hadley's record of incomplete performance to prevent his fancied strength from being a menace to Democratic success.

We are for a Democrat and if the majority are for some other Democrat, we can support him most cordially. All Democratic candidates will receive fair treatment at our hands, and there shall be no meddling so far as the Star is concerned. We shall leave the fighting of Democrats to the opposition knowing that as in the past there will be plenty of objections to whoever may aspire to lead the Democratic hosts.

### As to Boys.

There is a lot of good sound philosophy in this bit of advice going around in the papers:

During the swimming season, anxious mothers are tortured with fear that their boys will be brought home some day without any life in them. There is one thing about the swimming business that must have occurred to everyone: No boy who goes barefooted, wears a tow shirt and jeans pants supported by a single string over the right shoulder, ever gets drowned, more particularly if he chews tobacco, and swears a little when out of hearing of his mother.

There is a self-reliance about this kind of a boy that teaches him where all the dangerous swimming holes are, and he avoids them. He knows every whirlpool and snag in the river, and he makes slides only on clay hills where roots or stones are not likely to interfere. Further than to stub his toe, or something of that kind, he never gets hurt. If you have a boy of this kind don't worry. It is the boy who wears shoes in summer who gets drowned; the boy who is dressed in faultless taste from a white shirt to a braided frock. If you read the newspapers, you will find it is the Willies, Edies and Harries that get drowned. The Bens, Sids, Jims, Lems, Joshes, Sams, Daves, Jakes, Andys and Bills never appear in this connection in the newspapers. They carefully crawl up on the bank, dry their hair and appear at home with a load of wood to throw off suspicion.

Swimming is only dangerous to boys who wear shoes and white shirts. If your boy's back is blistered, or if he has a sore toe suggestive of a sunken log, he will never drown, you can bet on that.

### Kennedy's Laxative Cough Syrup

is a safe, sure and prompt remedy for coughs and colds and is good for every member of the family. Sold by Frank Clay, druggist.

### Aged Gypsy Leaves Fortune.

Memphis, Tenn., Oct. 28.—Richard Harrison, an 80-year-old gypsy, who died in a tent here Saturday, leaves an estate estimated at \$250,000. The money is invested in property and other holdings, principally in Dayton, Ohio. The body was shipped to Dayton.

### NO \$2 REBATE FOR TEACHERS

#### Strict Railroad Law Affects the Educational Association.

K. C. Star, 24.  
When J. M. Greenwood, superintendent of schools, returned from Chicago yesterday afternoon, he was a changed man.  
He had been attending a meeting of the board of trustees of the National Educational association. Also he is one of a committee of five which has the care of \$160,000 of the funds of the association. But neither of these things had changed him.  
"I feel like a John D. Rockefeller," he said. "Do you know that, next to the Standard Oil people, no one has been 'baiting into' the interstate commerce law harder than the school teachers?"

"The next thing you know there'll be indictments out for Sunday school superintendents. Suppose a Sunday school superintendent goes to a traffic agent and buys tickets for his pupils for forty cents each—tickets, that usually sell for fifty cents. He uses the extra dimes to buy lemonade and pay for swings. Do you know what may happen to him? He may be indicted."

"And that's the way it is with the school teachers. We've always paid a fare plus \$2 for a round trip ticket to the places where our conventions are held. Later the railroads would give the \$2 to our treasurer to pay our annual membership dues. This year the railroads feared to do it that way because it might be called giving rebates. So we paid in our \$2 when we validated our tickets to go home."

"But next year—well, the railroads fear to tell us what they won't do for us. Maybe we'll have to pay full fare. The two-cent rate in some of the states has added to the complication. It's not comforting to think that we may have to spend a month's salary going to Atlantic City and back next summer—but it's pleasant to feel like a magnate."

### Chinese Fight Crew After Ordered to be Deported.

City of Mexico, October 28.—The health authorities of the Mexican Government refused to allow 334 Chinese who were brought from China on the steamship *Woodrich* to land at Salina Cruz, because they were suffering from various kinds of diseases, and they were ordered deported. The rejected Chinamen became frenzied when they were told that they were to be deported, and a concerted attack was made by them upon the crew of the vessel. After a desperate fight the Chinese were subdued.

## For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the blood is in proper condition. Start your child on Ayer's Sarsaparilla. All vegetable, sugar coated.
